Bosch stands for quality, and we strive to ensure the best quality for all our products. That is why Bosch rechargeable batteries undergo several high quality tests before they are launched on the market. However, frequent use over a longer period of time will cause the battery capacity and thus the runtime of the device to decrease. Should this occur within the first year of purchase, we provide a full warranty on the battery.
- Runtime per 4.0 Ah battery pack:
Up to 80 min. on Eco mode with non-electrical accessory
Up to 65 min. on Eco mode with electrical floor nozzle

Auto mode: most balanced combination of high performance and runtime
Turbo mode: ultimate performance for optimal cleaning results
Silent mode: bristle roller is switched off and blower noise is reduced
Car mode: performance between Auto und Turbo mode, ideal for cleaning with accessory
Delicate carpet mode: bristle roller is switched off for gentle carpet cleaning
- Auto mode: the nozzle adjusts the performance depending on floor type: carpet or hard floor. Top runtime & performance solution depending on what is needed for perfect cleaning results.
- Battery Protect Option: to extend the lifetime of the Power For All batteries.
- Energy Saving Mode: to extend the runtime by automatically switching to Eco when the battery is running low.
